## Penalty

After four attempts to enter an incorrect code, the lock starts a 4-minute delay period. Each attempt to enter the code within the 4 minutes delay period restarts the count.

## Low Battery Warning

A long beep during opening indicates a low battery level. Replace immediately the low battery with a new Alkaline battery.

## Sound Signals

A double beep  normally indicates a correct operation. A long beep indicates an incorrect operation and the end of the operation itself.

## Recommendations

Do not use easily identifiable codes such as 123456, dates of birth or other personal information.
